

Disclaimer:

Triumph Mentoring does not in any way screen mentees voluntarily participating in this program, nor does it require that the backgrounds of the mentees are verified. It is strictly upon both parties to obtain sufficient information to make an informed decision in whether they want to continue the partnership. In deciding to continue the mentorship relationship, mentees can contact Triumph Mentoring to request a change in mentors.

If the mentee is under 18 years old, both parties are responsible for ensuring that this information is made clear to the two sides before any mentoring is made possible. The act of failing to do this will result in both parties having to terminate the mentor mentee relationship.
